**Ms. King moved to accept the four ballots that were received from homeowners who owe less than \$30 as a result of not paying the Architectural Review fee. The motion was seconded and passed unanimously.**

Mr. Conroy noted there were three ballots from homeowners who owed Administrative Fees and Interest on their homeowner accounts. The Committee discussed the policy for holding the Candidates' Forum and discussed modifications they may want to consider for the fall. The Committee felt like it is worthwhile to hold the Candidates' Forum if there are more candidates participating. The question then is: Is it worthwhile to hold if there are only a few candidates participating? More discussion is needed.

## Montgomery Village Foundation Election & Voting Procedures 2019

1. In December, the Executive Vice President shall advise owners of multi-family units of requirements which must be satisfied by **January 16, 2019**, in order to receive a ballot for the 2019 MVF Board of Directors Election:
  - a. to verify the actual number of units owned as of December 31, 2018;
  - b. where applicable, to have on file with MVF a certification of a designation of agent who will cast the vote of the multi-family owner(s).
  
2. In December, the Executive Vice President shall request from the condominiums not managed by MVF a list of the owners of record and their addresses as of December 31, 2018, and that information be received at the MVF Office by **January 16, 2019**.
  
3. All elections to the Board of Directors shall be made by secret written ballot. Ballots are to be mailed on **February 8, 2019**. Owners of record as of December 31, **2018** will be mailed ballots. Members who settle property between January 1, **2019** and March **15, 2019** may request a ballot in person at the MVF office with proof of ownership. Members in communities not managed by MVF will receive ballots provided that their management agent provides MVF with the list of eligible property owners and their addresses. These lists, all designation of agents for multi-family properties and any proxy forms must be received in the MVF Office as of January **16, 2019** in order to receive a ballot. **Ballots will be mailed to condominium owners on Friday, Feb. 8 and delivered to multi-family owners or designated agents shortly following that date.**
  
4. The ballot mailing shall include instructions on voting, a ballot, a postage paid return envelope, a summary of candidates' qualifications and notice of the annual meeting.
  
5. The Election Committee shall be responsible for maintaining the safekeeping of the written ballots once collected by the Secretary or such other officer of the Foundation deemed responsible thereof. As ballots are returned to the MVF office, the following procedures will be enacted:
  - a. Ballot envelopes will be stamped with the date of receipt.
  - b. Ballot envelopes will be given to a designated staff person unopened for safekeeping.
  
6. Designated staff shall verify ballot envelopes prior to the Election Committee meeting on **March 15, 2019**, circumstances permitting.

To be valid, a ballot envelope:

- a. Must be received at the MVF Office by 5 p.m., Friday, **March 15, 2019**.
- b. Must be signed by owner of record or designated agent who is registered with the MVF.
- c. Must have the address of a Village property for which there is not any architectural violation.
- d. Must not be a duplicate from same address. If duplicate ballots are received, the first ballot received by the MVF, as determined by the postmark or receipt stamp,

if hand delivered, will be considered valid, unless it is personally withdrawn by the voter and another ballot is re-submitted.

- e. Must be sealed.
  - f. For your ballot to be valid, assessments (including administrative costs and Capital Contribution Fee) must be current through December 31, **2018** (paid by February 28, **2019**) and must be identified for a unit for which there is not a sustained violation of any covenant, architectural standard or rule.
  - g. Where the condominium assessment as a whole is not current by December 31, **2018** and paid by February 28, **2019**, ballots from individual owners will be considered invalid.
  - h. In the case of a unit for which assessments are current, but were paid late, administrative fees, including interest, must total \$30 or less in order for the ballot to be considered valid. In the case of private dwelling units, an assessment represents one quarterly payment; in the case of a condominium association or multi-family apartment complex, it represents one month's payment.
7. If a ballot envelope is in jeopardy of being invalidated due to a name of record concern, staff will attempt to contact the member who submitted the ballot envelope to clarify the name information. Prior to the Election Committee meeting at which questionable ballot envelopes are validated, staff will make every attempt to contact the owner of record of any property whose ballot is not signed, improperly signed, or for which there is an outstanding administrative fee and/or interest above \$30.
  8. Returned ballot envelopes marked "addresses unknown" shall be checked with Assessment Administrator for possible forwarding address. If no address is available, the returned mail shall be held on file until the election has been certified.
  9. The Executive Vice President or his/her designee shall present all ballot envelopes and the verification report to the Election Committee who has the responsibility for the official validation of the ballots. At that time, the Committee may make random sample verifications as they wish. Acceptance of the staff report and information shall constitute official validation of the ballots.
  10. All candidates for election shall be invited to be present during the validation procedures. By the completion of the Election Committee's official validation of the ballots, challenges, if any, must be made known to the committee.
  11. Ballots will be counted on March **16, 2019**, beginning at 9 a.m. at the MVF Office, 10120 Apple Ridge Road, providing that the validation process was completed.
  12. Ballot counting shall be conducted in the following manner:
    - a. The Election Committee is responsible for administering the ballot counting process.
    - b. Candidates and other interested parties are invited to observe the ballot counting process but will be required to remain in an area designated by the Election Committee so as not to interfere with the process.
    - c. Approved ballot counters shall open the envelope and remove the ballot in such a manner as to ensure the secrecy of the ballot and then proceed with the counting.

- d. The identifying portion of the empty envelopes will be placed in a secure location to be determined by the Election Committee.
13. Ballots will not be counted if:
    - a. There is more than one (1) vote per candidate or more than three (3) votes total.
    - b. Votes are not indicated.
  14. When the vote count has been completed, the results will be recorded on an Election Committee report and signed by all members of the committee present at the counting.
  15. Following the counting of the ballots, the results will be announced. The chairman of the Election Committee will notify candidates of results following the counting.
  16. A candidate may contest the election results by notifying the President of the Montgomery Village Foundation Board of Directors in writing no later than 5 p.m. of the third business day following the date of the ballot counting and announcement of results. The notice shall describe the basis for contesting the results. The Foundation Board shall meet within ten (10) days after receipt of such notice to consider all questions arising therefrom.
  17. Members may view the ballots by completing a Request for Information Form. Ballots will be available from the business day after the final date for challenges until the business day following the Annual Meeting, after which they will be destroyed.
  18. The staff liaison to the Election Committee shall prepare a report of the election results for the Board of Directors that shall include the names of all residents who receive write-in votes and the total number of votes received by ineligible or fictional characters.

## Candidates' Forum 2019

- Each candidate will be allotted up to two minutes for an opening statement. There are no restrictions on the content of the opening statements. However, opening statements usually focus on issues and the candidates' background. No time will be allotted for closing statements. The primary purpose of the forum is to solicit extemporaneous responses to the residents' questions from the candidates.
- The moderator will solicit questions from audience members first. Residents must use podium, state their name and area of the Village they live in. Residents must ask their question within a one minute timeframe; questions should be civil and respectful, regarding Village issues and not attacking the character of any particular candidate. Once all audience questions have been answered, the moderator will also question the candidates using a list of questions previously submitted by Village residents. ***All questions submitted in writing prior to the Candidates' Forum must be authenticated as to resident names/addresses.***
- The moderator may edit or rephrase a question, ask the questioner to summarize his/her preliminary remarks, declare a question inappropriate, correct misinformation, or take any other action needed to ensure the smooth and orderly progress of the forum.
- Questions may be directed to a specific candidate. While every candidate will not be required to answer every question, each will be given the opportunity to do so. The moderator will make an effort to ensure that all candidates are treated equitably by rotating the order in which candidates respond first and directing questions so all candidates have an opportunity to answer approximately the same number of questions during the forum hour.
- Candidates will have a maximum of 1 minute for a response. Answers will be timed and candidates will be given a "15 second" warning before their time expires.
- To ensure that all audience members have an opportunity to ask at least one question during the allotted time, individuals may be limited to a maximum of two questions. These questions must be asked at separate times during the course of the forum.
- If there are too few questions to fill the allotted time, audience members will be allowed to ask additional questions.
- Candidates must be present to participate. No proxy statements may be read. In the event that a candidate arrives late, he/she will be given the opportunity to make their opening statement before answering any resident questions. Based on the amount of time passed or number of questions asked, the moderator may allow the tardy candidate to answer previous questions, as time allows.

- The forum will be audio and video recorded. A summary transcript will be published in the *Village News*, and the video will be posted online, accessible via [www.montgomeryvillage.com](http://www.montgomeryvillage.com).
